Daily, each guest enjoys activities in our spacious playrooms.

Our Lodge is clean, roomy with lots of fresh air. We have a tropical view and plenty of activity going on.

Our beautiful grounds are on the Windward side in Olomana, conveniently located off the Pali Highway.

This is a healthy-cat lodge. Sick or injured pets should be boarded under a vet's care.

Pre-arrival

FVRCP vaccination must be current. Upon check-in we require vaccination verification. Complete immunization of all our guests provide a healthy environment for your pet.

Before entry nails should be clipped. Cats should be free of all fleas, ticks, other parasites and ringworm. We require the use of Advantage, Frontline or Revolution only 48 hours before entry to prevent fleas (no substitutes).

You are welcome to bring in your pet's favorite toys and treats.

During your pet's stay

We have a nutritious dry food available for our guests but we do suggest that you bring the food their system is used to. We welcome those who prefer eating their own special diet and have special needs. Each guest is monitored daily for intake of food and elimination.

If your cat requires medical attention, we will contact your veterinarian whenever possible. If circumstances require more immediate attention we will contact a veterinarian that is available and close to the Lodge.

This is a family owned and operated business

We are committed to providing all guests an absolute quality experience. Cozy Cat Lodge is designed to provide a safe, clean, entertaining and comfortable environment for your cat. It is also the goal of the Lodge to provide convenience, value and peace of mind for you.

Our family history

Jan and Bill Schmidt are the companion mom and dad to six cats.

In 1987 Jan began the LeiLee Cattery breeding and showing Scottish Folds. She has had extensive training with cat care. Jan is an Ordained Minister and Guidance Counselor. In 1995 she began her Pet Pastor practice. As an animal chaplain volunteer she provides pet memorial services, sacred ceremonies and pet bereavement to the public. She also has just published her new book, *Saying Goodbye to Your Pet Companion*, available in local bookstores and at the Lodge.

Bill recently retired from Matson Navigation Company after 30 years. He now partners with Jan in the Lodge. He has been found sleeping outside on the floor with a lonely cat now and then.

Nani (Cookie) Busch, manager of the Cozy Cat Lodge for more than seven years in Kailua, has opened up the Cozy Cat Lodge Kaneohe. Our daughter has helped us to expand with her own facility and to serve you at our second location.
